St Richard's Iceland Trek

20 - 25 November 2024

Trip overview

The Trek

Join us as we spend three days trekking through the other-worldly landscapes of Iceland. Discover active volcanoes and vast lava fields, bubbling mud pools, hot springs and more. We will be hiking to Iceland's youngest volcano, Gelgingaldir and neighbouring Fagradalsfjall before exploring the ethereal peaks of the Mount Hengill heritage site – scaling the impressive Vörðuskeggi Peak with spectacular views over Lake Þingvellir, Eyjafjallajökull and the distant Westman Islands. Our adventures will also see us trek along the fault lines between Europe and America. Don't forget to keep your eyes on the skies while you are there and you might be lucky enough to experience Lady Aurora herself!

Iceland

Iceland is a Nordic island sitting in the North Atlantic and Arctic Ocean, just outside of the Arctic Circle. It is the most sparsely populated country in Europe and with its constantly active geologic border is littered with volcanoes, glaciers, mountains, geysers and lava fields.

Its capital Reykjavík, the world's most northerly capital, is the heart of Iceland's cultural, economic and governmental activity. Established as the first Icelandic settlement in 870 AD, Reykjavík has gone through many changes in its long and storied existence. It's home to the National and Saga museums, tracing Iceland's Viking history. The striking concrete Hallgrímskirkja church with its rotating Perlan glass dome, and the modern glass honeycomb structure of the Harpa concert hall and conference centre are architectural marvels offering sweeping views of the sea and nearby hills.

What is the experience like?

Who accompanies us?

You will be accompanied by local guides who have an excellent knowledge of culture and hiking in the region. The guides are first aid trained and will support you throughout your journey. You will also be accompanied by a Different Travel Company UK tour manager.

How tough is it?

This trek is graded **moderate to challenging**. You will be trekking long distances over varying terrain on consecutive days.

What is the climate like?

Temperatures can typically peak to around 5°C during the day and drop to around 0°C at night however you must be prepared for variations to this which are out of our control. Weather during the adventure will be dry with light winds and rain is possible. Please note: the temperatures and conditions above are historically accurate but climate change can impact the seasons so you may experience uncharacteristic conditions during the trip which are out of our control. The guides will assess the situation and make decisions to ensure the best enjoyment and safety of the group.

Where will we stay?

You will stay in a hotel or similar for the duration of the trip. Travel to and from the airport and hotel will be by private minibus.

What is the food like?

You will be provided with plenty of hearty Icelandic meals which typically include fish and lamb and will keep your energy levels high for each day of discovery. Please inform us in advance if you have any dietary requirements.

Will I see the Northern Lights?

This is not a 'hunting for the Northern Lights' trek. However, between September and April Iceland is treated to a magnificent natural display of aurora borealis. While we cannot guarantee that you will see the Northern Lights on this adventure, there is a very high chance that there will be solar activity in the area at this time of year. This trek will be exploring the very best Iceland has to offer – if you are lucky enough to see the lights while you are there this is a bonus!

Practical information

Who can take part?

The minimum age is 18. It may be possible to participate if you are 16 or 17 years old but you must be accompanied by a parent or guardian. There is no upper age limit. The ideal candidate would be fit, healthy and determined, open to adventure and adaptable to unexpected changes.

How fit do I need to be?

If you do not already regularly exercise you should aim to start training (including plenty of hills) as early as possible. The best training is hill walking, which will prepare you for the type of terrain you will experience. Other activities which can complement hill walking include running, cycling, gym workouts, boot camps etc. Building up your core and leg muscle strength is important so exercises such as squats, lunges, push-ups, planks and crunches will really enhance your training. These exercises can be done at home – no gym needed. You can download a number of free apps, which will help you train and track your progress, e.g. MapMyWalk, C25K (couch to 5k run), MyFitnessPal (for a variety of sports).

You must take your training seriously and arrive as fit as you can be, so you get the most out of this challenge.

How should I prepare?

You must engage in training (including plenty of walking up and down hills) before departure to ensure your best chance of enjoyment on the trip. This could include hill walking, running, cycling, gym workouts, boot camps, etc. You can download a number of free apps to help you train and track your progress, e.g. MapMyWalk, C25K, MyFitnessPal, etc. Attempting to complete the trek without training will make it more challenging than necessary and will be detrimental to your experience, and the experience of your teammates.

Medical Declaration

We require a medical form to be completed by everyone upon registering, and any pre-existing conditions, medications used and other medical issues must be specified. All your medical details are treated in the strictest confidence.

The information will be securely screened by a qualified medical professional, and details provided to your tour manager and local guides so our staff are adequately informed and prepared to support you during the trip. By completing our booking form you are giving consent for us to contact you confidentially with any follow up questions regarding your health.

If you declare any medical conditions you may be asked to provide more information, or we may request to contact your GP.

In the event that your medical issues at the time of booking represent a concern for your safety and wellbeing, or the safety and wellbeing of others in the group, you may be recommended not to take part. If this happens your booking will not be confirmed and the deposit will be refunded.

We must be informed if any conditions or medication change, or if new conditions develop. If necessary confirmation of fitness to travel from your GP or specialist may be required.

Please note that we will never unreasonably deny participation on a trip nor contravene the Equality Act 2010.

Health & Safety

Your health and safety is our top priority so rest assured that we are taking steps to ensure you not only have a memorable experience, but a safe one too.

We constantly monitor and follow the advice of the British Foreign, Commonwealth and Development Office (FCDO) who provide recommendations and advice to British travellers about travel to a certain destination.

Health and safety is our top priority so we will **NEVER** operate a trip in an area where there is clear and present risk to our team members, whether that is due to a health outbreak, political instability, natural disasters or anything else.

If travel restrictions either in the UK or Iceland prevent safe travel we will look to either postpone or cancel your trip at no cost to you.

Please note that at the time of travel there may be enhanced safety and security measures in airports, bag drop may take longer, and you may need to provide a certificate of health or proof of vaccination.

We will inform you about any information pertinent to your travel arrangements.

If you have any questions or concerns, please contact us on info@different-travel.com.

Trip cost

A £350 registration fee is payable at the time of booking and then you are asked to fundraise £3600 for St Richard's Hospice. A total of £2,880 (80%) must be fundraised by 28 August 2024. The remaining £720 is due by 20 November 2024. A flexi payment option, where you self-fund your trip costs, is also available.
